GOODWIN
THE BETTER LIFE CHOICE

Compare us on...

VALUE

Every client gets a dedicated case manager who will take the work out of managing your package, ensuring you get full potential from your funds and that it meets your changing needs.

Our care workers are multi-skilled so one person can assist you with most needs during a single visit and you get greater value for hourly rates.

CAPABILITY

Goodwin can offer the full range of home care services including nursing and overnight care, plus a range of allied health and even home maintenance services including modifications and trades through our partners.

You get access to Goodwin Health and Wellness Centre, offering a convenient hub of health professionals focussed on keeping you independent and resilient.

You also get access to Goodwin Day Clubs, for a social day out or respite for a family carer (Queanbeyan, Monash, and Crace).

REPUTATION

Goodwin is not-for-profit and the ACT's oldest and largest local provider, with more than 60 years' experience.

SERVICE

Choose to have a qualified nurse provide high level clinical oversight of your package if you wish. Our carers are predominantly our own staff, subject to our mandatory training and professional standards.

You will get consistency with your care team so you get to know each other and they know how you like things done.

Administration

The government does not provide Goodwin separate funding to run our service; they expect all costs to be recovered by the care budget. Goodwin's administration fee covers the cost of running the business to provide you the best care including all staffing and office costs, insurances and much more.

Where your budget goes at Goodwin

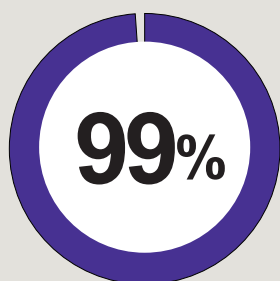

What could have been a dreary old age is now a fulfilling experience. The attention to individual needs is most gratifying. A big thank you!

Home care client survey response

Choose great advice

A great case manager will be alert to the things that enhance your quality of life, and will guide tailored solutions that you may not have been aware were possible under your home care package. They will also:

- help you navigate the aged care system
- regularly check with you on how things are going
- develop a personalised care plan
- review and update your care plan at least once a year or as things change
- organise all services you are accessing under your home care package
- develop a schedule of services to suit you
- monitor staff who visit you and assign a regular team to develop consistent and familiar relationships
- provide a listening ear for any questions or concerns you may have.
